## ENoLL PROPOSAL WRITING TRAINING (MEMBERS ONLY)

June 12th has marked the conclusion of the cycle of our **Proposal Writing Training** – an exciting new opportunity for ENoLL members only.

This specialized program is dedicated to crafting proposals for Horizon Europe collaborative projects, with a particular emphasis on how to better position and present

Living Labs in competitive applications.

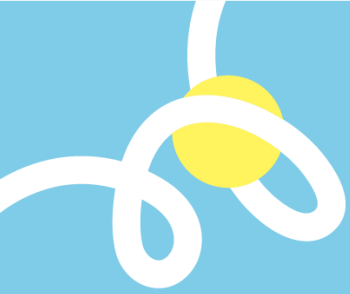

The training is divided into **five modules** designed to empower ENoLL certified Living Labs to capitalize on opportunities and play a crucial role in European Horizon Europe proposals. Did you miss the chance to attend live? No problem!

**Registrations are still open** for all ENoLL members. Upon registration to either the individual modules or the whole program, you will receive a personalised access to the recorded sessions and support material, so you can attend the training offline and watch the sessions at your own pace.
