# Embracing beauty inside out: The Purpose

Notorious Stories is proud to organize a workshop for young woman and beautiful ladies in Timișoara with ages between 18 and 50 years old, interested in beauty etiquette.

This initiative to reach out to our community comes from a desire to share the knowledge and lessons we have learned over the years in both, beauty and fragrance industries.

Communication is extremely important and we believe that face to face contact, is the impact we need in order to create a great connection with people.

This opportunity brings a day dedicated to beauty in the Cultural Capital of 2023, which comes as a result of an event initially organized with the dm & Coty Romania, which is why we decided to offer our community this beautiful experience.
